## Accountability SOP

NO REPORT

## RIT/Mayday SOG Review

Chief Dunn of Old Saybrook stated he planned to finish up the review within the next month or two and will review the changes at the next upcoming meetings once the review is completed.

## **Old Business:**

NO REPORT

## **New Business:**

Deputy Chief Budney of Deep River thanked Old Saybrook FD for the sponsoring the firefighter competition and explained everyone had a good time.

President Fazzino also stated a good time was had by all and stated the valley shore department would be available to provide any needed assistance.

Chief Tim Lee of Deep River announced their new tower ladder should be coming soon but no exact dates have been announced. Chief Lee announced the his department will be attending in-house factory training and will be looking to sponsor an Aerial Operators course run through the CT Fire Academy in late September/early October.

Lt. Jeff Young of Madison announced on behalf of Chief Kyttle a thank you to each department that responded and assisted with the fire in Madison. Lt. Young announced Chief Kyttle could not be in attendance since his wife delivered their first child yesterday. Congratulations to Chief Kyttle and his wife!

Deputy Chief Budney of Deep River inquired with Lt. Young on how Branford was able to communicate with Killingworth at the fire in Madison. Lt. Young stated both departments worked off Madison's frequency.

North Madison Vol. Fire Co.

## CORRECTION:

Chief Bauer of Killingworth made the following correction to the June 2013 Valley Shore Meeting via an email sent to the VSMAI email distribution list on Jun 9, 2013 at 8:37 AM stating the following:

*Deputy Chief Budney of Deep River inquired with Lt. Young on how Branford was able to communicate with Killingworth at the fire in Madison. Lt. Young stated both departments worked off Madison's frequency.*

The Killingworth water supply engine (8-5-1) was communicating with 9-7-1 on the VS Water frequency. When Branford arrived we provided their pump operator with one of our portables on the VS Water frequency so they too could communicate directly with 8-5-1.

## **Interest to the Organization:**

Assistance Chief Brian Manware of Clinton stated his department took delivery of their new rescue truck last Wednesday and they anticipate it will be in service around Mid-July.

Chief Mike Jenkins of Westbrook stated their new ladder truck was going out to bid by the next valley shore meeting.

Chief JT Dunn of Old Saybrook stated their oldest engine was going to be replaced and a bid package will be going out in the fall of 2013. Chief Dunn announced they already have a demo Sutphin engine coming to their firehouse this week to review.

MMS to at 20:30 hours (Manware/Jenkins).

Respectfully Submitted,

*Steve Biasi*
